

Want to bring long-lasting, holistic change to communities?

Get equipped to facilitate Church and Community Mobilisation and help create real, sustainable change in the communities where you work. Sign up to join Eagles Malawi for our Church and Community Mobilisation (CCM) course, and transform your approach to development.

Traditional development approaches are **NOT sustainable**.

For 15 years, Eagles Malawi has been successfully empowering local churches and communities in Malawi to change their mindsets and achieve holistic change. Change that will last.

Now, through our certified course, we're inviting you to join us and learn how to effectively mobilise churches and communities to solve their own problems using the resources already available to them.

◀◀ We have resolved to **make hunger history in our community**. CCM has taught us that we can make our lives better **using what we have**. ▶▶

Pastor Gibson Tenje
